Ester Fany Pelosof
Full Stack Web Developer

Summary

I am a **full stack web developer** with a strong foundation in both **front-end** and **back-end** technologies, having completed a **coding bootcamp** at **Vanderbilt University**. My coding skills, coupled with a background in **linguistics** and 10 years of translation experience, uniquely position me to create **user-friendly, multilingual web applications**. I am eager to contribute my technical expertise to innovative projects and remain committed to staying updated with the latest web development trends.
